

# MISSION BRIEFING

Southern California Jurisdiction Order of DeMolay

2020 - 4- 1

Hello Everyone, thank you for accepting your missions up until this point. I understand everyone has been affected by the world's situation.

I empathize with the pain and frustration so many must be feeling as a result of the numerous postponements. However just because many of us are confined to our households our objectives have not changed, nor will they wait for all of this to blow over. We must continue to look for ways to stay relevant and push forward.

Through all of this we have adopted a new saying, let's build the foundation for a "Different Kind of DeMolay"! One that proves that our Brotherhood will hold us together despite the distances. That proves we are never alone. That proves it is OK to ask for help, because your brothers will be there.

We need to continue to reach out to each other and make the best of our situation. Stream movies together, play video games, take a page from our predecessors and call someone - just to have a real conversation. There are so many

different things that we can do to reinforce our brotherhood in these crazy times.

Your mission should you choose to accept it is to continue to reach out to your brothers, make our presence known, and let's show what we're all about. Together let's make this "Different kind of DeMolay" - **Mission: Possible!!!**
